

Beaconsfield Old Town to Candlemas Pond

circular walk on paths and fields

Distance = 2 miles /3.2km

Park near the church or Windsor End and proceed south, away from the town. Pass Oak Lodge on your right and continue past the Rugby Club on your left and into Cross Lane. On reaching a point where the road forks, with the new houses on your right, take the right hand fork, Lakes Lane. Take the first left into Malthouse Square. Head diagonally across the square to a footpath on the north side, follow this until it emerges on London End at the Old White Swan. *(If time is short then turn left along London End to the Saracens Head and left to your starting point.)*

Go across the pedestrian crossing almost opposite and turn right down London End to the roundabout and left down Park Lane. Turn left into Candlemas Lane and follow this until you reach the pond at the junction with Station Road. Turn left up Station Road to the Old Town roundabout and on into Windsor End to your starting point.
